**MINISTRY OF HEALTH**

*New Delhi, the 23rd May 1958*

**No. F. 24-83/58-PH.**—Whereas the Central Government has received reports of a large number of cases of food poisoning in various places in the States of Kerala and Madras during the period between the second week of April, 1958 and the middle of May, 1958, resulting in many deaths, in particular at Parur, Trichur, Trippunithura, Sasthankottah and Trivandrum;

And whereas the circumstances in which the food or foodstuffs came to be contaminated, the contamination remained undetected and the contaminated food or foodstuffs came to be distributed and the necessity of evolving measures to safeguard against similar occurrences in future are definite matters of public importance;

And whereas the Central Government is of opinion that it is necessary to appoint a Commission of Inquiry for the purpose of making an inquiry into the said matters;

Now, therefore, in exercise of the powers conferred by section 3 of the Commissions of Inquiry Act, 1952 (60 of 1952), the Central Government hereby appoints a Commission of Inquiry consisting of:—

*Chairman.*

1. Shri Justice J. C. Shah, Judge, High Court, Bombay.

*Members.*

2. Major General Sarup Narain, Principal, Armed Forces Medical College, Poona.
  3. Captain T. B. Bose, Chief Surveyor, Mercantile Marine Department, Ministry of Transport, Government of India, Bombay.
2. The said Commission shall inquire into and report on the following matters, and for that purpose may take such evidence as it may consider necessary:
- (a) the circumstances in which and the causes whereby the food or foodstuffs used in preparing the food came to be contaminated;
  - (b) whether the contamination could have been avoided or detected in time;
  - (c) the action, if any, taken by the person or persons concerned after detection of such contamination to prevent further distribution of the contaminated food or foodstuffs;
  - (d) whether there has been any failure in taking adequate measure for the avoidance or timely detection of such contamination and the person or persons responsible for such failure; and
  - (e) the measure to be taken to safeguard against similar occurrences in future.

3. The said Commission shall submit its report to the Central Government within a period of one month from the date on which it commences its inquiry.

S. MULLICK, Jt. Secy.

## MINISTRY OF WORKS, HOUSING &amp; SUPPLY

## RESOLUTION

New Delhi, the 21st May 1958.

SUBJECT:—*Workcharged Establishment, C.P.W.D., Ad-hoc Committee, for dealing with certain problems relating to the workcharged staff.*

No. 66/339/57/WCE.—The Government of India have had under consideration for sometime past the question of effecting improvements in the administration of the workcharged establishment of the C.P.W.D. In August, 1957, it was announced in the Lok Sabha that a portion of the workcharged establishment would be brought on to the regular establishment and 50% of the posts in the remaining categories which had been in existence for atleast 3 years would be made permanent on the workcharged establishment. On account of the unsatisfactory state of maintenance of the Service Records and non-availability of statistics of sanctioned posts, it had not been possible to implement the announcements. The Government of India have now constituted an *Ad-hoc* Committee of the following officers in order to implement the announcements as soon as possible and also to attend to other matters relating to the workcharged establishment:—

- (1) Shri P. K. Sen, Deputy Secretary, Ministry of Works, Housing and Supply—*Chairman*.

## Members

- (2) A representative of the Ministry of Finance.
- (3) Shri M. C. Sankaranarayanan, Officer on Special Duty.
- (4) Shri R. T. D. Joseph, Under Secretary, Ministry of Works, Housing and Supply.

The Committee will be assisted by Shri N. C. Sanyal, Officer on Special Duty, who will also be the Secretary of the Committee.

2. The duties and functions of the Committee are set out in para. 3 below. For the purposes specified in para. 3 (B) (2) and (3) below, three or four technical officers nominated by Government will be co-opted on the proposed Committee.

3. A. Transfer of certain categories of posts of the workcharged establishment to the regular establishment.

(1) The Committee will obtain from the Chief Engineer the particulars regarding the number of posts determined by him in terms of para. (i) of Ministry of Works, Housing and Supply letter No. 66/339/57/WCE, dated 26th March 1958, in each Circle/Division and Sub-division in the 35 categories proposed to be transferred to the Regular Establishment.

(2) The Committee will scrutinise the service records of all the workers in the 35 categories of posts mentioned in the letter cited above, who were actually working in these posts as on 14th August 1957, and will prepare a list of workers eligible for transfer to the Regular Establishment and fulfilling the standards followed in making appointments to the posts in the Regular Establishment.

(3) The recruitment rules and other provisions for the administration of any new categories of posts to be created in the Regular Establishment will also be drafted by the Committee in consultation with the Chief Engineer and referred to Government for orders.

(4) The service particulars of persons to be brought on to the Regular Establishment will be scrutinised by the Committee and the Committee will make recommendations regarding the verifiable service rendered in the posts to be brought on to the regular establishment which would be taken into account for purposes of seniority, pension, etc., in the regular establishment.

(5) The Committee will, within a reasonably short period, recommend to Government the broad principles which should govern, the extent to which verifiable past service may be counted for pension, etc., in the regular establishment and any other point requiring clarification; after orders are issued on these recommendations, the worker found eligible for transfer will be asked to exercise an option as provided in para. (iii) of Ministry of Works, Housing and Supply letter, dated 26th March 1958.

B. Creation of permanent posts within the Workcharged Establishment and confirmation of the workcharged employees.

(1) The Chief Engineer will compile lists showing the number of posts in each category and grade of workcharged establishment which had been in existence for at least 3 years on the 1st of April, 1957, and are likely to be required to be continued for an indefinite period on a long term basis. The Committee will scrutinise the lists and recommend to the Government of India the number of posts in each category/grade which should be declared permanent in accordance with the announcement made in the Lok Sabha on 14th August 1957.

(2) The Committee will, in consultation with the Technical Officers nominated for this purpose, draft recruitment rules for each category/grade of posts including the laying down of minimum qualifications, and prescribe standard of trade tests wherever necessary and also fix yard-sticks for the creation of posts on the workcharged establishment. For this purpose the Committee is authorised to consult freely other departments of the Government of India, e.g., Posts and Telegraph Department, Defence, Railways, and study the procedure followed in such departments.

(3) The Committee will scrutinise the service records of the workcharged employees and draw up a list of persons eligible to be confirmed in the Workcharged Establishment. While preparing such a list, the Committee will consider whether the persons are suitable for the posts and have the prescribed minimum qualifications and may reject the claims of any individual worker who is *prima facie* unsuitable for the post or where recruitment or promotion to that post or posts held earlier in the Workcharged Establishment was not in order.

C. General.

(1) The Committee will prepare a seniority list of workers in each category, after scrutinising their service records.

(2) The Committee will go through the service records of all workers and rectify omissions and irregularities to the extent possible. For this purpose the Committee will take into account all available official records and it is also authorised to consider how far collateral and other evidence such as may be available could be taken into account.

The Committee will also make recommendations regarding (1) the proper maintenance and custody of service records and (2) any other matters relating to the enforcement of regularity in the administration of the workcharged establishment.

(3) The Committee will obtain the orders of the Government of India on questions of policy or other major issues on which the Committee might require guidance in the course of the enquiry.

(4) The Committee will be free to lay down the method of its working and other procedural matters.

(5) The Chief Engineer, C.P.W.D. and other C.P.W.D. officers in the various Circles, Divisions and Sub-divisions will give their full co-operation to the members of the Committee and assist them by furnishing all information required by them and making available to them the official records, books of accounts and other documents required.

K. S. KRISHNASWAMI, Joint Secy.
